2/19/2021

Thursday, February 25th, and Friday, February 26th, will be asynchronous school days.

TMS DOES NOT UNLOCK THE DOORS UNTIL 7:40 A.M.

Posted on: February 11, 2021- The next staff vaccination is scheduled for Thursday February 25th, and that will be an asynchronous school day. In addition, Friday February 26th will also be an asynchronous school day. The health data indicates that a significant number of people have a reaction to the second vaccine. TSD has not been able to secure enough subs for that date, and it has been determined that an asynchronous school day is the best solution.

TMS Morning Drop Off Procedures

Talawanda Middle School will open the doors for students at 7:40am. Students can enter the building, take their coats to lockers if needed, and report to the cafeteria for breakfast or first period.

When you enter the parking lot, the line of cars should be continuously moving (see image below). If you arrive earlier than 7:30am and need to wait for your student to exit the car, please park in a spot between the basketball hoops. There is plenty of space outside for students to safely keep distant from others while waiting just a few minutes for the doors to open. Please have your student exit the vehicle as soon as you pull alongside/parallel the building (the pink section of the image below). This allows 5-8 cars to drop off at the same time and the line moves significantly faster.

Be careful to note that the busses will also be entering the parking lot and will need to have the right of way as they attempt to enter the bus drop off lanes in the front of the building.

Thank you for your assistance with this. If everyone follows these procedures morning drop off will move much faster.

Talawanda School District Health Coordinating Council

We are excited to introduce a wonderful resource to our families! Beginning next week, we will share one section of this Parent Guide each week with the Talawanda community.

Building Resilient **Families**

As educators, we do our best to help students. But, we have limited tools to impact the challenges they face at home. That's why we developed our guide for parents... **to help them build resilient families.**

Engaging Tools for Parents

The parent guide is based on the same concepts that make The WhyTry Program and Resilience for Youth so effective.

Now, you can empower parents to teach their children where resilience comes from, and how to access it. They can use simple strategies and fun activities to engage the whole family in the learning process.

To help you implement the parent guide in your community, we also offer training for your team. This training will give you tools to support parents directly, taking a more collaborative approach to developing resilience in your students.

Using the parent guide as a curriculum, you will be able to deliver engaging, activity-driven community events to teach resilience.

To learn more, visit:
ParentGuide.WhyTry.org

The **Parent Guide** Includes:

- Resilience-building concepts anyone can use
- Simple strategies for developing resilient families
- Engaging activities that make it fun and easy to learn together
- Audio recordings so busy parents can listen 'on the go'

We hope you find this to be helpful. To preview the guide, visit ParentGuide.WhyTry.org.
