How to Help Control the Spread of Flu

This information originally from the U.S. Department of Veterans Affairs (VA).

Get A Flu Shot: Getting a flu shot each year is the best way to slow the spread of flu. The Centers for Disease Control and Prevention (CDC) recommend that everyone age 6 months and older get a flu shot each year.

Stay Home When Sick: Because flu spreads easily from person to person, stay home when you are sick. Studies show you are most contagious and likely to spread flu virus to others for at least 5 days after your first symptoms start AND at least 48 hours after your last fever.

Wash Your Hands: Clean your hands before and after caring for a sick person, and after coughing or sneezing. Wash your hands with soap and water or use hand sanitizer. Sick people should clean their hands too!

Cover Your Coughs And Sneezes: Use clean tissues and discard after use. Coughing or sneezing into your sleeve is OK when you don't have a tissue. Always wash your hands after coughing or sneezing.

Keep Surfaces Clean: Flu virus can live on surfaces for up to 48 hours. Use household cleaners to clean surfaces that are touched often such as phones, faucets, light switches, countertops, handles on doors and cabinets, keyboard and mouse, and TV remotes.

Wash All Eating Utensils And Drinking Glasses Well: No need to separate a sick person's utensils or drinking glasses or do any special washing or sterilizing.

Change Bedding And Towels: Wash your hands after touching soiled laundry. No need to clean a sick person's laundry separately.

Avoid Touching Your Eyes, Nose, And Mouth: Germs often spread this way.

Wear A Mask: Consider wearing a mask when giving care to a sick person.

Avoid Getting Too Close: Keep at least six feet away from the sick person whenever possible. Separate a sick person from other people in the home. Have only one person provide care for a sick person.

Know The Symptoms Of Flu:

(See next page)

Know When To Seek Medical Care:

(See next page)

Stop the Spread of Flu

- Get a flu shot
- Clean your hands
- Stay home when sick
- Cover your coughs and sneezes

Common Flu Symptoms

- Fever (100°F or higher)
- Body or muscle aches
- Headache
- Feeling tired or weak
- Cough
- Sore throat
- Runny or stuffy nose
- Stomach symptoms (mostly in children)

If You Have Flu Symptoms

- Stay home
- Rest
- Drink fluids
- Take medicines for fever such as acetaminophen (e.g. Tylenol®) or ibuprofen (e.g. Advil® or Motrin®)
- Call your healthcare team within 48 hours for advice about what to do next
 - ▶ Antiviral medicines may reduce flu symptoms if started within 48 hours of your first symptoms

WARNING!

Moderate or Severe flu symptoms are signs of complications from flu!

Call your health care provider if:

- You have moderate flu symptoms such as:
 - ▶ Not able to drink enough fluids
(Dark urine or feeling dizzy when standing are signs that you are not drinking enough fluids)
 - ▶ Fever 100° F or higher for 3 or more days
 - ▶ Feel better, and then get a fever or sore throat again

Go right away for medical care if:

- If you have severe flu symptoms:
 - ▶ Shortness of breath or wheezing
 - ▶ Coughing up blood
 - ▶ Pain or pressure in your chest when breathing
 - ▶ Chest pain, especially if you have heart disease like angina or congestive heart failure
 - ▶ Trouble with balance, walking or sitting up, or becoming confused

TALAWANDA SCHOOL DISTRICT

EMERGENCY GUIDE

Talawanda School District
Ed Theroux, Superintendent

In the Talawanda School District, safe and secure learning environments are the first priority:
Students must first feel safe in order to grow academically, socially, and emotionally.

It is important to communicate actions that ensure safe school environments. Every emergency situation is unique in initiation and response so the information in this material is not all inclusive. However, it is intended to provide a better understanding of responses in the event of a crisis or emergency.

TALAWANDA SCHOOL DISTRICT
EMERGENCY GUIDE

TIP LINE:
844-SAFEROH

Through partnerships with the Ohio Department of Education and the Ohio Department of Public Safety, every school in Ohio has been registered for SaferOH, a tip line that proactively helps to ensure the safety and well-being of its students.

By calling **1 (844) SAFEROH**, students and adults can share information with district and law enforcement officials regarding threats to school or student safety, such as bullying, suicides, or violence.

Callers may remain anonymous or share their contact information for possible follow-up. The line will accept both calls and texts 24 hours a day, 7 days a week.

An emergency is any unexpected incident that could affect the health or safety of students or employees

... such as a disruption in utilities or a national emergency. Emergencies can affect one child, one school, or the entire school district.

When an emergency occurs, school officials evaluate the seriousness of the situation and determine the best plan of action to respond quickly, safely, and appropriately. Emergency responders such as police, fire, and medical teams are notified and assist as needed.

EMERGENCY RESPONSE

Each Ohio school district has an emergency preparedness plan outlining possible scenarios and responses that vary based on conditions and situations.

The crisis management team, a team in each school that has emergency training, determines the best crisis response. In the event that the response includes an emergency student dismissal, it is important for parents to understand that students will be dismissed to parents once danger has passed.

In any emergency situation it is critically important that school leaders and safety personnel respond quickly. According to law enforcement and safety officials, it is important that parents wait for a call to pick up their children rather than rush to a site. Parents of students in the affected building will receive detailed information as soon as possible.

FOUR COMMON RESPONSE OPTIONS

LOCKDOWN

1 A lockdown may be used in response to an event inside or outside of a building. During a lockdown, students are restricted to their classroom and are not released from the classroom until lockdown procedures have concluded.

SHELTER-IN-PLACE

2 This protective action is enacted when an event takes place outside of the building and officials determine that the safest course of action is to keep students and staff inside the building until the external event is resolved. During shelter-in-place, there could be student movement within the building, but students will not be released from the building until the shelter-in-place procedures have concluded.

EVACUATION

3 If it is unsafe for students and staff to remain inside the building, the building will be evacuated. Students and staff may remain on school grounds until the building is safe to re-enter or may be relocated to a safe location off of school property, depending on a variety of circumstances.

EMERGENCY SCHOOL CLOSING

4 This procedure will take place if your school officials determine students are safer at home than at school or trying to get to school. This most often occurs due to loss of utilities or a weather emergency.

If your school or school district intends to send students home or evacuate from a risky location to safe location, specific information will be communicated to the parents of affected students through a phone call.

RESPONSE TO ACTIVE AGGRESSOR

In Ohio school districts, students and staff in all buildings are trained three times each year in an emergency response process known as ALICE. Most often used in the event of an active aggressor, ALICE empowers students and teachers to ensure their personal safety.

It is important to remember that ALICE is not a linear progression and response action, but is dependent on the individual situation. Decisions are made by teachers and students to ensure their personal safety.

- A** **ALERT:** Alert students and staff of an active aggressor.
- L** **LOCKDOWN:** Barricade a locked door with large objects, such as desks, chairs, shelves, etc.
- I** **INFORM:** Listen for communication, make informed decisions as to what action should be taken.
- C** **COUNTER:** If confronted by an aggressor, attempt to distract or confuse in order to get away.
- E** **EVACUATE:** Leave the area if it is unsafe based on all available information and observations.

Student Release Student-Parent Reunification

1 In the event of an emergency situation during which a parent chooses to remove his/her child from school, or one that requires students to go home, your school district will care for each student until a parent arrives or until it is safe to transport the student home using district school transportation. Be assured that no child will be left alone.

In a **situational student release**, school officials determine that students and staff members need to evacuate a building temporarily but DO NOT need to close school

or dismiss students. Parents who elect to remove students during the time of an evacuation will need to report to a designated area with photo ID to sign out students. Emergency contacts designated for student release by parents may also remove specific students from school with a photo ID. For safety reasons, no other individuals are permitted to take students from a school.

2 **Reunification** occurs when school officials determine that students and staff members need to evacuate a build-

ing, close school, and dismiss students. The closing of school may require that the students be relocated to a secondary location. If students are relocated to an off-campus reunification site, a "gated reunification system" will be in place. Parents of emergency contacts will be required to pick up students either on campus or from the secondary reunification location.

3 In the event of an **evacuation to another location**, Parents of students in the affected building will receive a phone call with detailed information. Evacuation locations are not made public in advance so as not to jeopardize the efficiency or safety of the plan.

Gated Reunification System

Students may only be released to a parent or emergency contact designated for student release. Photo identification is required.

4 Upon arrival at the reunification site, parents will:

1. Report to the parent check-in area;
2. Complete a reunification card;
3. Be escorted by a staff member to his/her child; and
4. Sign the reunification card to ensure all students are accounted for and safe.

Crisis Response Team

Your district personnel are trained using the **Traumatic Event Crisis Intervention Plan**. TECIP is a school-based framework designed to meet the emotional and psychological needs of students and staff in the aftermath of a traumatic event.

Attention Talawanda Middle School Families! Save your Plastic Caps and Lids!

Please start saving your plastic caps and lids! The National Junior Honor Society (NJHS) is leading a bottle cap and plastic lid recycling initiative at TMS. The recycled bottle caps and lids will be collected until we have enough to **make a bench for TMS made completely of recycled lid and cap plastic** material we have collected!

Here is how you can help us:

- **Collect plastic bottle caps and plastic lids** (see list of acceptable caps and lids below)
- Feel free to collect large amounts at home and bring to school in grocery bags or ziploc bags - the whole bag can be placed in the collection bin
- **Please rinse** all lids and caps before bringing them to school
- Place lids and caps in a **collection bin** - there is one located in each grade level hallway and one in the cafeteria
- Collection will continue until we have enough to build a bench for TMS (Kramer and Marshall already have benches and Bogan is collecting this year for a bench!)
- Spread the word! Tell your friends, family, and neighbors and ask them to collect too!
- This benefits our community (recycling!), the school (we get a bench!), and you (you help make TMS a better place!)
- Questions? Contact NJHS Advisor Mrs. Murray murraym@talawanda.org

NJHS students will be responsible for collecting, cleaning, and sorting lids and caps here at school. This project is possible through the ABC Promise Partnership program at Green Tree Plastics, LLC. We appreciate your help in this project that promotes recycling and will benefit our school with a new bench!

National Junior Honor Society (NJHS)

NJHS is a group for 8th graders that are selected to become members at the end of 7th grade. Members are selected based on academics (3.75 or above cumulative GPA for all of 6th grade and the first two trimesters of 7th grade), community service involvement, leadership, and character. The chapter has meetings during the regular school day and participates in many school and community initiatives.

For 6th and 7th graders interested in becoming members as 8th graders: keep your grades up, take on leadership roles at school and in other activities, keep your behavior and actions in good conduct, and perform community service!
